About the Company

Established in 1982, Manku Agro Tech Pvt. Ltd. has emerged as a leading manufacturer and exporter of agricultural machinery in India, specializing in the production of **VISHAL brand Combine Harvesters**. With over four decades of industry experience, the company has been at the forefront of agricultural innovation, delivering advanced harvesting solutions tailored to diverse farming needs.

Under the visionary leadership of **Mr. Sukhwinder Singh Manku (Managing Director)**, the company has consistently prioritized innovation, quality, and customer satisfaction. The management team also includes **Mr. Vikramjit Singh Manku (Executive Director)** and **Mr. Jagtar Singh Manku (Director)**, who collectively bring extensive industry experience and strategic acumen to the organization.

Mission & Vision

Manku Agro Tech Pvt. Ltd. is committed to empowering the farming community by delivering high-quality, efficient, and reliable agricultural machinery. The company's mission is to enhance agricultural productivity and sustainability through continuous innovation and excellence in manufacturing.

The vision is to be a global leader in agricultural machinery manufacturing, recognized for technological advancement, superior quality, and unwavering commitment to customer satisfaction.

Infrastructure & Manufacturing Capabilities

To meet the growing demand for technologically advanced agricultural equipment, Manku Agro Tech has established two state-of-the-art manufacturing facilities:

1. **Bhawanigarh Road, Samana**
2. **Sehajpura Road, Samana**

These facilities are equipped with cutting-edge machinery, including:

- CNC Turret Punching Machines
- CNC Turning Centers
- CNC Plasma Cutting Machines
- Vertical and Horizontal Machining Centers (VMC, HMC)

- CNC Press Brakes
- NC Shearing Machines
- Lathe Machines
- Tire Fitting Machines
- Oven Paint Booths

With a combined production capacity of **3000 self-propelled** and **1000 track-type combine harvesters** annually, the company ensures timely delivery and scalability to meet market demands.

Product Portfolio

Manku Agro Tech offers a diverse range of agricultural machinery under the **VISHAL** brand, designed to cater to various crop types and farming conditions:

Self-Propelled Combine Harvesters

- **VISHAL 495 - President (4WD)**: A robust 4-wheel drive harvester designed for efficient multi-crop harvesting.
- **VISHAL 435 Brisk - Multicrop Harvester**: A versatile harvester suitable for wheat, paddy, soybean, and more.
- **VISHAL 435 Corn Collector - Maize Special**: Specialized for maize harvesting with enhanced efficiency.
- **VISHAL 368 Multiland - Multicrop**: Designed for diverse cropping patterns across various terrains.
- **VISHAL 328 - Leal - Multicrop**: Compact and efficient for small to medium-scale farming operations.

Track Combine Harvesters

- **VISHAL 248 Dolphin**: Ideal for paddy fields, featuring straw walker technology for wet conditions.
- **VISHAL TAF**: Equipped with axial flow technology for efficient paddy harvesting in wet fields.
- **VISHAL Grain Care**: Ensures minimal grain breakage and high cleanliness during harvesting.

Tractor-Mounted Combine Harvesters

- **VISHAL Tractor-Driven Combine**: Suitable for farmers preferring tractor-mounted solutions for harvesting.

Agricultural Implements

- **VISHAL Rotavator - Rotary Tiller**: For efficient soil preparation and weed control.
- **VISHAL Roto Seeder**: Combines tilling and seeding operations, enhancing productivity.
- **VISHAL Mulcher**: Used for shredding crop residues, aiding in soil fertility.
- **VISHAL ECO - Super Seeder**: Facilitates direct sowing of seeds into the soil, conserving moisture.
- **VISHAL Cattle Chef - Straw Reaper**: Efficiently collects and processes straw for fodder.

Quality Assurance & Certifications

Quality is the cornerstone of Manku Agro Tech's operations. Each product undergoes rigorous testing and quality checks to ensure compliance with the highest industry standards.

Certifications and Approvals:

- **Northern Region Farm Machinery Training and Testing Institute (Hisar):** Authorized by the Ministry of Agriculture, Government of India.
- **Central Farm Machinery Training & Testing Institute (CMVR Certificate):** Ensuring compliance with central motor vehicle regulations.
- **Automotive Research Association of India (ARAI):** Emission norms compliance.
- **NABARD and Other Nationalized Banks:** Product approvals facilitating bank loan facilities.

Additionally, the company's harvester models have received No Objection Certificates (NOCs) from leading financial institutions, including:

- State Bank of India
 - State Bank of Patiala
 - Oriental Bank of Commerce
 - Punjab National Bank
-

Workforce & Human Resources

Manku Agro Tech prides itself on a dedicated and skilled workforce of approximately **500 employees**, encompassing:

- Engineers
 - Supervisors
 - Technicians
 - Quality Control Personnel
 - Management Staff
 - The company's human resource policies emphasize continuous training, skill development, and employee welfare, fostering a culture of excellence and innovation.
-

Market Presence & Distribution

With a robust network of over **33 dealers** and **regional offices** across India, Manku Agro Tech ensures widespread availability and prompt after-sales service. The company's products are also exported to neighbouring countries, reflecting its growing international footprint.

Social Media Presence

Manku Agro Tech maintains an active presence across various social media platforms to engage with customers and stakeholders:
